

**Respiratory
Therapy
Specialists Inc.**

**Offer your patients the home oxygen
therapy choice to suit their mobility and
lifestyle needs!**

STATIONARY CONCENTRATOR

Draws from room air to deliver oxygen and is used at home. Powered by electricity.

PORTABLE OXYGEN CONCENTRATOR

Draws from air to deliver oxygen and is used for patients with active lifestyles away from home. Appropriate for lower flow rates. Powered by rechargeable batteries.

TRANSFILL

Includes both an oxygen concentrator and cylinder filling station and is ideal for daytime home use, sleep as well as active lifestyles. Powered by electricity.

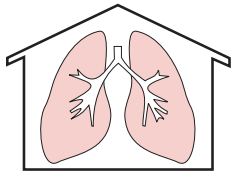

CYLINDERS

Contain compressed oxygen and are ideal for mobility.

RTS is one of the very few providers that offer a full complement of oxygen delivery systems, allowing you, the healthcare professional, to help patients find the appropriate system(s) for their clinical and lifestyle needs.
